Pressure Cooker

Needed: 7 inch baking pan, trivet, 1 or 2 cups water*

Baking Instructions:

1. **POUR** fruit filling can into 7 inch baking pan. Evenly cover fruit filling with pouch of cake mix.
2. **LAY** sliced butter evenly over dry cake mix. Cover top of baking pan with aluminum foil.
3. **POUR** water into inner pressure cooker pot, add trivet. Place baking pan on trivet, seal your pressure cooker. Pressure cook for 25 minutes. Allow a 5 minute natural release, then turn valve and do quick release until pin drops.

If desired, you can place cake in oven (remove aluminum foil first) and broil for 5 minutes or until top is golden and slightly crisp. Allow to cool slightly, then serve and enjoy!

*Note – if using 6 qt. pressure cooker add 1 cup water, if using 8 qt. pressure cooker add 2 cups water to bottom of pot.
